

BARGAINING REPORT # 11

Bell Canada - Clerical and Associated

Sisters and Brothers,

This week, the bargaining committee spent an extensive amount of time on the issue of job security. Your directive and our message to the Company was clear that among other things job security is a priority.

During our meetings a very strong message was delivered to the company regarding outsourcing, consolidations and the many purchases that Bell Canada continues to make.

We also reviewed the Company's proposals and reminded them that we will not accept any concessions for our members.

The union continues to review their options in securing our members' jobs while moving the bargaining session forward.

Please continue supporting your bargaining committee during these negotiations.

Updates can be found on the Ontario Region website at <http://www.cep.ca> and on the Quebec Region website www.scepquebec.qc.ca

In solidarity,

Your Bargaining Committee
